

Shattered Dreams is a two-day, school-based program that promotes responsible decision-making among high school students regarding underage drinking and impaired driving by demonstrating how irresponsible choices can end all dreams. It involves school administration and faculty, students, parents, community organizations, law enforcement, emergency medical service, and area hospitals in the planning and implementation of the Shattered Dreams activities.

Alcohol impaired driving is the most frequently committed violent crime in the U.S.

In Texas, 42% of all traffic deaths are DUI related. This ranks Texas 49 out of 51, with 51 being the highest percentage of DUI deaths nationwide. Driving under the influence is 100% preventable.
